Aviation Accreditation Board International

May/June 2006

WORLDWIDE ROLLOUT OF NEW NAME

In a move to strengthen its position as the world's leader in the advancement of aviation education accreditation, the Council on Aviation Accreditation (CAA) changed its name to the **Aviation Accreditation Board International (AABI)**. The new name reflects the global role played by AABI.

This change culminates a two-year effort in furthering the CAA/AABI commitment to lead the global advancement of aviation education through accreditation.

The official transition will be made at the Annual Meeting in Duluth, MN, hosted by Cirrus Design Corporation on July 10-14, 2006.

Plan to attend the rollout at the CAA/AABI Annual Meeting in Duluth!
