SUMMARY OF RECENT ACTION

The Aviation Accreditation Board International (AABI) is required to inform the public about its accreditation decisions. One of the ways AABI does this is to provide the public with information about the accreditation decision process, the nature and scope of AABI accreditation activity and the importance and value of accreditation. AABI also provides the public with detailed descriptions of its accreditation policies and procedures by publishing its Accreditation Criteria Manual (Form 201) and Policies & Procedures Manual (Form 225), along with all the AABI forms, on its website: http://www.aabi.aero/forms.html (Paragraph 12[B][5], 2010 CHEA Recognition Policy and Procedures).

Reaffirmation:
Mount Royal University
The Board action was to reaffirm the following program for a period of five years:

Aviation Diploma (AABI Associate Program – Flight Education)

An interim report is required, due by January 6, 2021, to show evidence of implementation and use of the Aviation Program Annual Assessment to collect evidence for continuous assessment and improvement, in response to Recommendation 3.
