**Aviation Accreditation Board International**  
**July 15, 2022**

## **SUMMARY OF RECENT ACTION**

The Aviation Accreditation Board International (AABI) is required to inform the public about its accreditation decisions. One of the ways AABI does this is to provide the public with information about the accreditation decision process, the nature and scope of AABI accreditation activity and the importance and value of accreditation. AABI also provides the public with detailed descriptions of its accreditation policies and procedures by publishing its Accreditation Criteria Manual (Form 201) and Policies & Procedures Manual (Form 225), along with all the AABI forms, on its website: <http://www.aabi.aero/forms.html> (Paragraphs 11[A][1] and 12[D][3], 2019 *CHEA Recognition Policy and Procedures*).

### **Reaffirmation:**

#### **University of North Dakota**

The Board action was to reaffirm the following programs for a period of five years:

- B.S. in Commercial Aviation (AABI Flight Education)
- B.S. in Air Traffic Management (AABI Air Traffic Control)
- B.S. in Unmanned Aircraft Systems Operations  
(AABI Unmanned Aircraft Systems)

The Board accepted the institution's responses to Recommendations 1, 2, and 3, with no further reports required.
