Aviation Accreditation Board International February 24, 2023

SUMMARY OF RECENT ACTION

The Aviation Accreditation Board International (AABI) is required to inform the public about its accreditation decisions. One of the ways AABI does this is to provide the public with information about the accreditation decision process, the nature and scope of AABI accreditation activity and the importance and value of accreditation. AABI also provides the public with detailed descriptions of its accreditation policies and procedures by publishing its Accreditation Criteria Manual (Form 201) and Policies & Procedures Manual (Form 225), along with all the AABI forms, on its website: <http://www.aabi.aero/forms.html> (Standard 2.A., October 4, 2021, *CHEA Standards and Procedures for Recognition*).

Reaffirmation:

Purdue University

The Board action was to grant reaffirmation of accreditation for both programs, each for a period of five years, with no interim reports required:

B.S. in Aviation Management (AABI Aviation Management)

B.S. in Professional Flight Technology (AABI Flight Education)
