Aviation Accreditation Board International July 14, 2023

SUMMARY OF RECENT ACTION

The Aviation Accreditation Board International (AABI) is required to inform the public about its accreditation decisions. One of the ways AABI does this is to provide the public with information about the accreditation decision process, the nature and scope of AABI accreditation activity and the importance and value of accreditation. AABI also provides the public with detailed descriptions of its accreditation policies and procedures by publishing its Accreditation Criteria Manual (Form 201) and Policies & Procedures Manual (Form 225), along with all the AABI forms, on its website: <http://www.aabi.aero/forms.html> (Standard 2.A., October 4, 2021, *CHEA Standards and Procedures for Recognition*).

Reaffirmation:

South Dakota State University

The Board action was to reaffirm accreditation of the following program for a period of five years:

B.S. in Aviation, Specialization in Aviation Education
(AABI Flight Education)

The Board accepted the institution's responses to Recommendations 1, 3, and 4. An interim report is required, due by June 5, 2024, which provides the evidence specified below for Recommendation 2.

2. Recommendation 2: The faculty MUST be of sufficient number as determined by student enrollment and the expected outcomes of the program (Criterion 3.5.1).

Report on the status of the faculty hire to replace Eric Griggs, the status of the faculty hire for the permanent fourth faculty member, and the Annual Program Review Health Analytics (status of the process and, if available, results).
